OUR HISTORY

1963-85 Birth and Ownership

Trevors Foodservice was established as a limited company in 1963. In 1969, Ken purchased shares, becoming a significant part of the business. In 1983, Ken and Heather acquired full ownership, demonstrating their commitment to growth and legacy.

1985-90 Gary Joins and Expansion

In 1985, Gary, who had been involved since the age of 7, joined the company at 16, supporting Ken within the business. Trevors Foodservice opened a catering cash and carry in the Ribble Road shop in 1986, led by Mike Fradgeley, the first sales representative. Both Gary and Dianne are appointed directors in the period.

1990-2000 Expansion and Industry Relationships

Trevors Foodservice diversifies its offerings and strengthens its industry presence by acquiring catering shops, Ice Cold and Caterers Choice. Joining CDA in 1997 (later becoming Country Range) further enhances the company's product offerings and industry relationships. During this period Gary and Dianne became directors.

2000-2020 Roles and Generational Transition

Following Heathers footsteps, Dianne takes on the position of company secretary recognising her contribution to the business. Matthew, representing the third generation, joins Trevors Foodservice at the age of 16, following the footsteps of dedicated family members and team. Matthew's commitment and skills are acknowledged as he is appointed as a director, solidifying the family legacy.

2023 60th Anniversary Celebration

Trevors Foodservice celebrates a significant milestone, marking 60 years of exceptional service and quality products in Blackpool and beyond. This achievement stands as a testament to the enduring legacy initiated by Ken and Heather and continued by Gary and Dianne, with Matt now carrying the torch. Their unwavering commitment to excellent customer service remains a driving force behind the company's success.

CountryRange

Created for the makers

Introducing our brand new look!

With over 700 products in our ever-growing portfolio and exciting new solutions launching every year to ensure you stay at the forefront of trends, we're delighted to unveil a new brand refresh that we think you'll love.

Our old branding and identity served us well, but we wanted to inject a new dimension of vibrancy to truly showcase our personality and passion for ingredients, you the creators and foodservice as a whole.

Combining visuals of a rolling hillside, a cloche and our brand initials, the new logo highlights our obsession with where our food comes from and how it is used by chefs to impress. The new vibrant colours are a radiant reflection of the colourful ingredients and recipes, plus the cultures, from which they come.

While our appearance has been given a makeover, our core values remain. We guarantee that our pride in responsible sourcing and our commitment to quality, value and choice remains.

Everything we do at Country Range is created to help those who serve food to others, to always serve their best. Country Range products are truly created for the makers.

Timeline

1985
The brand launched with a range of around 50 key lines including tea, baked beans, oil and orange juice.

2001
We updated our packaging to a 3 colour duo-tone design.

2004
We launched our frozen range with prawns, scampi, battered and breaded fish, and vegetables.

2012
We updated our packaging to the design you will recognise today.

2015
We became the sponsor of the Craft Guild of Chefs Student Chef Challenge and we have been committed to supporting up and coming catering talent ever since.

Country Range products offer great quality, value and ensure absolute consistency in our dishes. The butter, olives, balsamic glaze and apple sauce, to name a few, are all fantastic products and regulars on our menus."
Café, Bedford

2023
Today we have over 700 products in the range and we are delighted to reveal our new look to take us into the future.

Our core principles

CREATED FOR THE MAKERS
The Country Range brand was created specially to meet the needs of you, the caterers, who take pride in making food for people. Each product is developed for use in a professional kitchen – with your needs in mind, right down to the right size of pot. The right portion size. The right amount of sauce for the beans. The right level of creaminess. The right texture. We sweat the details because we know they matter to you.

SUSTAINABILITY
We are dedicated to reducing excessive packaging and moving to more recyclable, biodegradable and environmentally friendly solutions. We recently removed all black plastic from our packaging, and we are increasingly using recyclable plastic in our packaging wherever possible. You will notice that not all of our packaging will change at once. That's because we are ensuring that there is zero wastage of any of our existing packaging before changing to the new design.

INNOVATION
We are always striving to develop the range to guarantee that our products continue to meet the needs of caterers. Our in-house professional development chef ensures that our products reflect emerging food trends, and we launch around 40 new products every year. Our new Signature Range will enable us to be even more innovative, giving you even more choice.

VALUE
We understand that you need consistently good quality, good value products to maximise margin. Our experienced team of buyers are dedicated to working closely with manufacturers to ensure that we are getting products at the best value and passing that value onto you, because catered food should always be good quality, regardless of budget.

QUALITY
We know how much consistent quality matters. That's why all our products are BRC (British Retail Consortium) accredited and tested thoroughly through benchmarking and blind taste tests. And why we have a dedicated Quality Manager in house.

As part of the brand refresh, we're also over-the-moon to roll out another level to our portfolio – say "hello" to our sleek and sexy signature selection. Perfect for chefs cooking for special occasions or looking to add some fine-dining glitz to the menu, the new Country Range Signature collection contains carefully sourced, premium ingredients and products from across the globe.

Did you know?
We launched our first Country Range ethical tea bag in 2009. Now, our high-quality Rainforest Alliance tea bags are one of the first products in the Signature collection.
